

A sunlit greenhouse interior with a round table, wicker chairs, and various plants. The space is filled with natural light from the glass roof and walls. A round, light-colored table is set with glasses and fruit. Wicker chairs with black frames surround the table. To the left, a built-in bench with patterned cushions sits next to a large potted plant. The background features a long shelf with numerous glass bottles and jars, and more plants hanging from the ceiling. The overall atmosphere is warm and inviting, showcasing a variety of home decor items.

SUMMER 2023

AN EMPORIUM OF TREASURES FOR YOUR HOME

[WWW.GRAHAMANDGREEN.CO.UK](http://WWW.GRAHAMANDGREEN.CO.UK)

Summer is here .....

When summer finally arrives there's a noticeable shift in every corner of the house. Thick duvets are swapped for French linen sheets and our collection of vintage Sindhi quilts are unearthed. Family meals become longer and more playful and we find more time for our favourite things – sunset bike rides, late evenings tending to the garden and fiercely competitive table tennis. While Max finishes the last of his GCSEs, we're all looking forward to family trips in the campervan and a first – backpacking to Greece by rail.

Whatever your summer has in store, we hope you find time to do the things that bring you joy with the people that make you smile.

With love and peace,

Jannie & Lou
